How to get Fiber

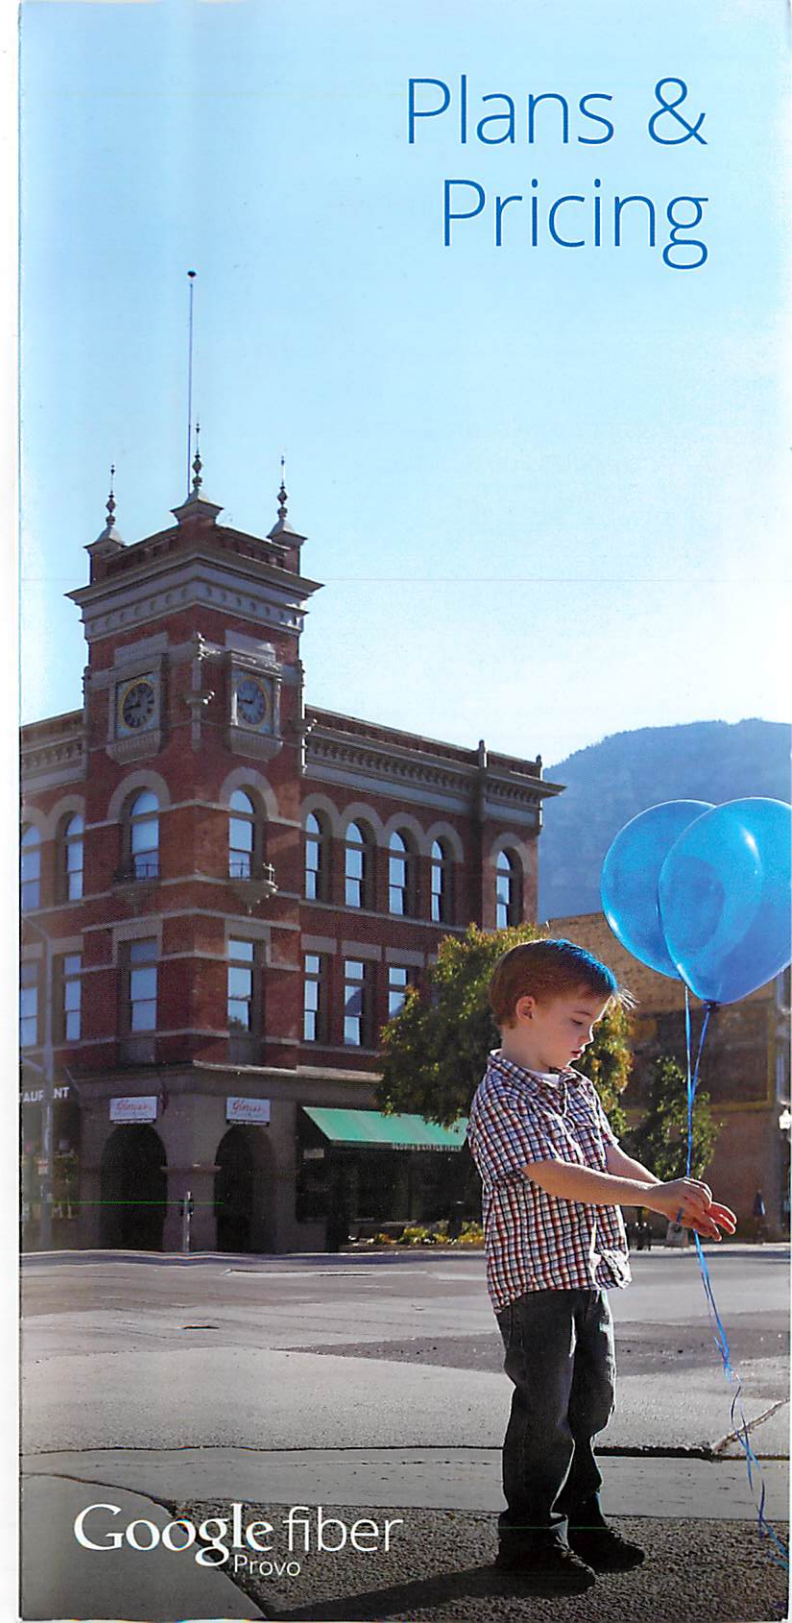

- 1 See if your home qualifies
Check your address at google.com/fiber.
- 2 Choose your plan
If your home is eligible for service, sign up for a Fiber plan at google.com/fiber.
- 3 Schedule your install
When it's your turn to connect to Fiber, we'll contact you to set up an appointment at a time that's convenient for you.

Google fiber
Provo

© 2014 Google Fiber Inc. 100 times faster Internet claim is based on average American speeds of 8.6 Mb/sec according to Akamai's State of the Internet 1Q2013. Actual Internet speed may vary. Go to Google Fiber Help Center at <http://goo.gl/vBzLP> for further details. Service not available in all areas. Chromebook and TV are not included.

Plans & Pricing

Google fiber
Provo

Gigabit + TV

\$120/month

One time \$30 construction fee

The Full Google Experience

Experience the Internet like never before. Instant downloads. Crystal clear HDTV. And endless possibilities.

Included in your plan:

The Nexus 7: Your new remote

Get Google's Android tablet free with this plan. Seamlessly search, discover, and play. From any room.

All your favorite channels

With Google Fiber you can watch all your favorite channels and discover new ones. We're always adding more. View our current listings at google.com/fiber/cities/provo/channels.

One Terabyte of Cloud Storage

Keep everything. Share anything. Google Drive is everywhere you are — on the web, in your home, at the office and on the go.

Up to one gigabit upload & download speed • Full channel TV lineup • 2 year contract • No data caps • Nexus 7 tablet • 1 TV Box • Storage Box • Network Box • 1TB Google Drive • \$120/mo + taxes and fees

TV Box: HDTV and faster Wi-Fi

Get access to live TV, on-demand shows, and Internet content. Every TV Box is HD-ready, so there are no extra monthly fees to watch HD.

Storage Box: Record up to 8 shows

With two terabytes of storage, you can record all your favorite TV shows (up to eight at once). Even add your own photos, videos, and music.

Network Box: Gigabit router

Access Google Fiber by connecting to one of the four 1 Gbps Ethernet ports or the high-speed Wi-Fi. Stay safe with the gigabit firewall.
